

## Stain Glass Jars

# PROJECT PLANS

**Skill Level:** Beginner

## Materials

| Item                      | Qty |
|---------------------------|-----|
| Mason Jars                | 2   |
| Paint                     | 2-3 |
| Tealight Candles          | 2   |
| Template                  | 1   |
| Thin Hanging Metal Chains | 1   |

## Toolbox

18V ONE+ Dual  
Temperature Glue  
Gun

18V ONE+  
Rotary Tool  
Station

7 PC.  
Drill Bit  
Set

## Project Instructions

### Step 1

Select a design template for each mason jar. Cut to size and place inside the jar.

### Step 2

Use the glue gun to apply hot glue according to the outline of the template onto the mason jar.

### Step 3

Add some water to the paint to reduce the opacity. Apply the paint between the glue lines on the mason jar and allow for time to dry. Use multiple coats of paint as needed.

## Project Instructions

---

### Step 4

Use a 1/8" standard point rotary bit to drill a hole on each side of the jar lid.

---

### Step 5

Attach each side of the chain to the jar lid by threading each clip through the holes made in the previous step.

---

### Step 6

Place a tealight candle in the middle of the jar.
