Project Instructions

Step 1

Mark two dots in each corner of the leather, with each dot diagonally across from the other. Mark one dot 1-1/2" inches from the top and the other 1/2" from the side.

Step 2

Use the 1/8" Drill Bit to drill through all of the marked dots made in the previous step.

Step 3

Use tracing paper to trace a template onto the leather.

Project Instructions

Step 4

Engrave along the traced template from the previous step.

Step 5

Fold each corner together and attach the rivets. Use a hammer to secure the rivets into place.

Project is complete!
